

# WILDCATS

NFT SERIES BY CAT TOKEN

## MEOW THERE

Meow there, it's me Mooncat. Enjoying the 2020 crypto run? Me too. I am very excited as you can see. Well, recently, I came up with this idea - totally my own, the most original idea you'll ever see, the best idea ever. Believe me!

I... er... was on a "trip" to meet some friends, when I had the most brilliant idea. You'll love it.

## WILDCATS

I know you adore me, I adore me too! So, I will introduce some friends of mine, that are cool, maybe even cooler than me but not by a lot of course. Some are shy, some are scary, some are tiny, some are huge - but all of them are total badasses and live on their own. There are like, 40 of them and these wild cats want to give you a chance to know their badassery, play with them, collect them, and be mesmerised by them.

## NFTS AND CAT TOKEN

Sooooo what this means is, the CAT token team is creating an NFT series for all the cat species in the world! The NFTs will be collectibles with cool attributes that will let you play trading games. Nuff said, right? But wait, there's more!!!

# WILDCATS NFT SERIES

BY CAT TOKEN

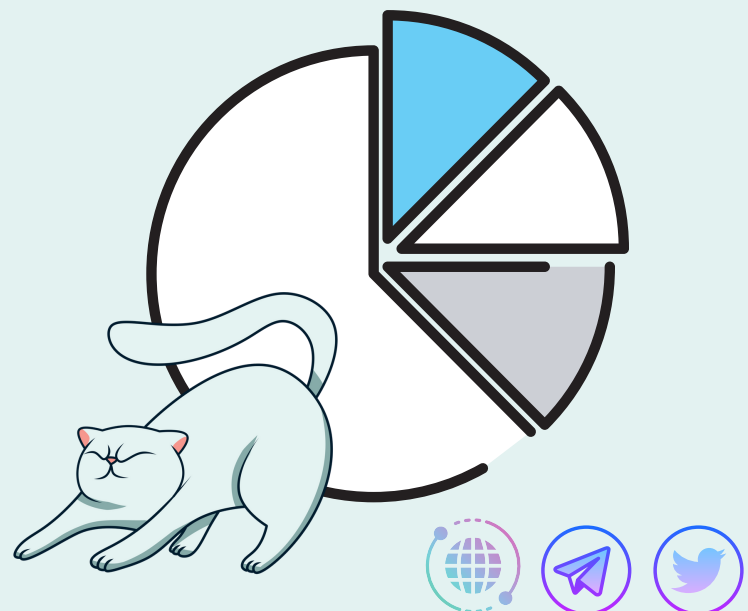

## CAT CONSERVATION

60% of funds from sales will go directly to conservation organizations accepting crypto, dedicated to the conservation and preservation of cat species and habitat around the world. If we have many choices, the CAT token community can vote on selecting the organizations from our list! We also invite orgs to pitch their cases to our community or even collab with us to make these NFTs even more awesome. Calling all NFT artists too! SPREAD THE NEWS!

## \$CAT TOKEN BUYBACK AND BURN

20% of the proceeds from Wildcats NFT sales will go to the CAT token team towards development of future projects. 10% of proceeds will go to the original NFT art creator. The rest of the proceeds - 10% will go towards buying back a percentage of \$CAT tokens and conducting a burn, making \$CAT a little more scarce, and a little more valuable with each NFT sale.

\*These percentages are yet to be finalized and are subject to change.

STAY TUNED DEAR CAT COMMUNITY! GET STRETCHED, GET READY, AND JOIN US!

DISCLAIMER: This project whitepaper and the CAT token which you are reading about is a social experiment in the DeFi industry. What this means is that you should complete research and trading decisions on your own. CAT token does not provide financial, legal or other advice. All information provided here about CAT token is for the CAT token community and the charities who may benefit from donations made by the development team. Please do not overextend yourself when becoming involved in this project financially or otherwise. No one from the CAT token team will ever recommend buying or selling CAT Token for any purpose. Our team would probably tell you to pet or adopt a cat or get one of those large cat house tree things that will be too big for your living room.
